

At the end of February we will be doing an activity in the STEM Lab with 5th and 6th graders. We are looking for some donations to help get this up and running. Any donations will be greatly appreciated!

- \*clean egg cartons
- \*pom poms (little fuzzy balls)
- \*plastic spoons (taste tester size)
- \*washi tape
- \*beads of any kind
- \*cotton balls

### Words From Our Principal

We have had a fun week celebrating Chinese New Year. Each day we had a different activity to celebrate the week such as learning about the significance of the Chinese New Year and the color red, a parade, an assembly, and information about the Chinese Zodiac signs, all culminating in a night of celebration last night. We had a great turn out! During the assembly and parade, some immersion and non-immersion students had the opportunity to be part of one of the dragons or lions. All students in the school learned to sing a short happy New Year song in Chinese as well. It was fun to see the school come together in celebration of another culture.

The week and last night were successful because of the many efforts and hard work of the people listed below:

- Venture Crew #656
- Jeremy Heiner (for editing the videos of the student performances)
- All the parents that volunteered to help with booths and performances
- Chinese teachers
- Kristen McDonough and Lara Lifferth
- All the families for coming and supporting our school

It was really fun seeing all of the families participating in the activities of the evening. We even had Superintendent Reid Newey and Elementary Director Gwen Hill at the event. Thank you for your support of our students, teachers, staff, and programs.

We will be having a Lockdown Drill on Monday. As per DSD policy, all drills are announced to the students before they happen and Lockdown drills are announced to the community. Watch for a separate email with details specific to this drill today.

Parents and guardians, we really need your help in an important matter. With almost 900 students in our building, the requests we are receiving to remind kids of their after school plans are getting overwhelming and are a disruption to the learning environment in classrooms. We are respectfully asking you to please remind your children of all after school plans before they leave for school. Of course, this is not applicable in cases of emergency. Thank you for your help in providing as little disruptions as possible to your children's school days.

Reminder: Practices are every Tuesday, Thursday and Friday for an hour and a half right after school. However, read all emails from Julie as they will tell you specific schedules for each upcoming week.

Calling all creative and fun people... if you have a talent in video creating and editing, we have a committee for you! Davis District is sponsoring a contest to help all communities/stakeholders know what the DSD Strategic Plan encompasses. We have been asked to come up with a two minute video that highlights the six pillars of the strategic plan. There are cash prizes for the winning schools, 1<sup>st</sup> place - \$1,000.00, 2<sup>nd</sup> place - \$750.00, and 3<sup>rd</sup> place \$500.00.

Here is a link to a video about the plan: <https://www.youtube.com/watch?v=YkxHzOnWk2c&t=5s>. We would love to involve our teachers, staff, students, and community in making a fun and creative video that informs everyone about the six pillars of the strategic plan. Please contact us in the main office if you are willing to help with this project. It needs to be completed by April 15<sup>th</sup>, but we would like to get right on it now.

## KINDERGARTEN

### REGISTRATION IS COMING!

Registration Week: Tuesday March 19th to Friday March 22nd

Immersion applications distributed beginning Tuesday, March 12th

Applications Due: Friday, March 29th by 4:00pm

Notifications sent by Friday, April 12th

If my child already has older siblings in the immersion program and we are grandfathered in so they have a guaranteed spot, do we still need to apply? YES, otherwise how else will we know you want a spot. It is common for families to have some children in the program and others not in the program. If you want a spot, even if it is guaranteed, you still need to fill out an application. Thanks!

One of the top phone calls we get in the office is regarding when students go to lunch or recess. This chart can be found on our website.

A PDF is attached for you to print or download.

### 2018-2019 Lunch and Recess Schedule

Dear Parents,

Since the Flu season is upon us and there are many of our students and staff that are ill, I have thought about the many ways we can prevent these illnesses. I have read articles from reliable sources and have come up with a list that I am sharing with you in hopes that you will read through it as a reminder of what we can all do to avoid getting (and spreading) the flu or flu-like illnesses.

We would ask that you not send your child to school if the following conditions exist:

- Your child is sick and has had a fever
- Vomiting and/or had diarrhea in the last 24 hours
- Coughing continually or excessively
- Symptoms of malaise (aches all over, has no energy)
- Rash with fever or behavior changes

I hope we can all have a healthy and happy year to come!

Sincerely,  
School Nurse  
Davis School District

*DBroadhead RN*

### THE BEST WAYS TO AVOID THE FLU (or other illnesses)

1. **Wash your hands frequently** (scrub with soap and warm water for at least 15 seconds). **Use hand sanitizer** (containing at least 60% alcohol).
2. **Clean up your stuff**, disinfect the surfaces that are likely to have frequent hand contact (the flu virus and many others can live on hard surfaces like a doorknob or a keyboard for long periods of time). Use a standard disinfectant or wipes.
3. **Cough or sneeze into the inside of your elbow or a tissue.**
4. **Throw the tissue away, and now!** (What are you keeping it for?)
5. **Don't shake hands on it** (The contagious period is the first 2 - 4 days of the illness).
6. **Stay Healthy: get some sleep** (you have to be rested to fight a good fight), **eat right** (you need your vitamins & minerals to fight illnesses), **exercise** (it keeps your immune system strong), and **avoid stressing out** (the flu bug and many other illnesses know when your defenses are down).
7. **Avoid touching your face.**
8. **Avoid close contact with sick people** (stay about 6 feet away)
9. **Stay home if you have flu symptoms. Do not return to work or school until the fever has been gone (without medications) for 24 hours.**
